Kofi Adoma you can't do court action in this country against Evangelist Addai you have no grounds, it is freedom of speech, if you deeply believe what Evangelist Addai is saying is not true, why worry, just go straight to court and stop bragging on radio station after radio station. I don't know if you did pay attention to what Bishop Adonteng told you at his office, about

[@Spiritum Spiritus](#) ha ha ha you are very funny ,MANY ARE CALL BUT FEW ARE CHOOSING, we are ( M.O.T)thinking inside the box ,natural wisdom,the question is why are you criticising some one who is standing for the truth ?

 REPLY

**Spiritum Spiritus** 1 hour ago

[@James Williams](#) : Addai is not attacking everybody in Ghana. He is attacking the rampant evil perpetuated by the elites in Ghana. His accusations are not only natural wisdom but spiritual. Most of the people he has accused know very well, the wickedness they are unleashing on the people. Ghana is in trouble for if you listen to some of the confessions on other radio station regarding spirituality, you can make your own inferences. Most of the people are hypocrites and God is listening to all. Fake praises. Show less

[@James Williams](#) : Hahahaha bro, No, I am not but my experience with spiritual things are very revealing. The world is not just physical and many Ghanaians, most of them very educated are hiding behind witchcraft to destroy the world. I know a lot and can share some revelations with you when I get to know you well. You will marvel at what you will hear, see and read. Kofi Adoma was working at his hometown Berekum Brong Ahafo before he was recruited into Accra after sojourning and working at Ho and Kumasi respectfully , when he started his Kofi ooo Kofi TV ( I know why I say this) He was interviewing Jhana and Odiifo Tawiah on regular basis. On one of his program, Odiifo Tawiah told him point blank-"Kofi Wofie Y3 Den" , so you have to do something.....You wanna read more?.....So what happened Kofi? Draw your own conclusion for we are talking sunsumu nsem. It is not only hard work that make people succeed in life. .... Show less

You people do not know what is going on in Ghana and around the world beyond the physical. Addai is talking about spiritual happenings and you are discussing physical action in court. The Truth in Ghana is that there is Too much witchcraft at high places, occult and cult happenings in the nation. Just pay attention. We know so much but we are only keeping quiet.
